She said that 81 LIHEAP applications were done between January – June, 2013 for the heating season and they are just now starting to process applications for the Summer Cooling segment.

Ms. Ryan also explained how the Food Pantry works and how needs are met. Susan commented that between January and June of 2013 we had 1,834 people come in and received bread, pastries and pantries. She also explained that we are part of the Harvest Food Program where we get fresh produce, dairy, fruit, bread and pastries. This has been a great blessing to the pantry because we seldom get dairy, produce and fruit in.
