HIGHWAY DEPARTMENT REPORT:

On August 3-5 Bob Nogan and I both attended the Highway Commissioner's Summer Seminar. Drainage law was the main topic. Our next seminar will be in November.

The Highway Department is currently working on a paving project at Wheaton Road and Lawrence Avenue. This project should be done in about 2 ½ weeks. We are also widening the curve there. We were asked to help take down four large dead trees. We will cut them up and leave them for the next scheduled brush pick up with Kramer.

The pavement crack sealing is completed at Mallard Lake and we are now working on Glen Ellyn Countryside. We are also working on trimming and cleaning up the sides of the road on the Eastern border of Medinah Country Club.

Our first delivery of salt for the upcoming snow season will be at the end of September. We will be taking delivery of 1,000 tons.

At the electronic recycling the first Saturday in August we collected 14,490 pounds of electronics. As of September 1st the Highway Department will be charged for anything that is recycled with a tube. We will also be charged \$170 per pick up, and we usually need two pickups. Highway Commissioner Czernek said he will continue the recycling program until the end of this year, but only for Bloomingdale Township residents with valid identification. Then he will reevaluate what to do next year.

Supervisor Levato thanked the Highway Commissioner for his report.

OLD BUSINESS: None.
